8. How to make a claim

If You need to make a claim against this Policy, please refer to Section F, Condition 5.

9. Goods and Services Tax

In addition to the premium, We will charge You an amount on account of GST.

You must inform Us of the extent to which You are entitled to an input tax credit (ITC) for Your premium and claim each time that You make a claim. No payment will be made to You for any GST liability that You may incur on the settlement of a claim if You do not inform Us of Your entitlement or correct entitlement to an input tax credit.

GST has an impact on the way in which claim payments are calculated under Your policy. We will calculate the amount of any payment We make to You having regard to Your GST status. The amount We pay You for any claim will be calculated taking into account any input tax credit to which You are entitled for any acquisition which is relevant to Your claim, or to which You would have been entitled were You to have made a relevant acquisition.

If You are not entitled to an input tax credit on Your policy premium, all insured amounts and limits of liability stated in Your policy are GST inclusive (unless Your policy states otherwise).

If You are entitled to an input tax credit on any part of Your policy premium, the insured amounts and limits of liability stated in Your policy are exclusive of GST to the extent of Your input tax credit entitlement.

In respect of Your policy, where You are registered for GST purposes You should calculate the insured amounts having regard to Your entitlement to input tax credits. You should, therefore, consider the net amount (after all input tax credits have been taken into account) which is to be insured and calculate and advise to Us an insured amount on a GST exclusive basis.

This outline of the effect of the GST on Your policy is for general information only. You should not rely on this information without first seeking expert advice on the application of the GST to Your particular circumstances.

'GST', 'input tax credit', 'acquisition' and 'supply' have the meaning given in A New Tax System (Goods and Services Tax) Act 1999.

10. Coinsurance

Certain Coverages, Deterioration of Specified Property and Interruption Insurance contain coinsurance or underinsurance clauses that may limit the amount that We pay when You have a claim. This will only happen if You understate a Limit of Liability or declared value.

Example for deterioration of Specified Property.

You insure Specified Property to a Limit of Liability of \$1,000,000.

Damage to Specified Property amounting to \$400,000 occurs from an event covered by this Policy.

The insurable value of Specified Property at the commencement of the Period of Insurance calculated in accordance with the Coverage was \$1,500,000.

The coinsurance percentage for Specified Property is 80%.

Coinsurance applies because the declared value or Limit of Liability is less than 80% of the insurable value calculated in accordance with the Coverage applicable.

$$\text{Claim payment} = \frac{\$1,000,000 \times \$400,000}{\$1,500,000 \times 80\%} = \$333,333$$

In this example, We would pay \$333,333 for the cost to reinstate Your Specified Property, subject to the application of any Deductible.

Please note the above example does not take in to account Your Input Tax Credit Entitlement.

We agree that if during the Period of Insurance a Breakdown shall occur to any portable item of electronic Equipment or associated Media and Electronic Data, specified in the Schedule, and which occurs whilst the item is at any premise, or in transit between any premise, within the Commonwealth of Australia (hereby defined as the Situation for the purpose of this coverage A3), We will pay for loss to the electronic Equipment and/or associated Media and Electronic Data resulting from such Breakdown.

New Replacement Value means the cost to replace the item of electronic Equipment with a new equivalent item of electronic Equipment, including reasonable and necessary costs for installation, testing, transportation and import duties, if applicable.

Section B. Optional coverages

Each Coverage provided in Section B is optional and only applies if it is specified in the Schedule and is subject to the terms, Section D Exclusions and Conditions of this Policy, unless otherwise stated.

Coverage B1. Deterioration of specified property

1. Coverage agreement

We will pay:

- (a) the amount of loss or damage to, and the cost of disposal of, Specified Property owned by You;
- (b) the amount of loss or damage to, and the cost of disposal of, Specified Property of others in Your care, custody or control and for which You are legally liable; and
- (c) the amount of expense which is reasonably incurred by You to reduce or avert such loss or damage but only to the extent that the total amount that otherwise would have been paid under (a) and/or (b) above is thereby reduced;

provided that the loss or damage and expense to Specified Property is due to:

- 1. Breakdown of the Equipment; or
- 2. the operation or failure to operate of any switch, thermostat, control, fuse, circuit breaker or overload device which is included in the definition of Equipment and which is used for the operation of the Equipment at a Situation specified in the Schedule, but not including the manual operation or setting of such switch, thermostat, control, fuse, circuit breaker or overload device; or
- 3. the sudden leakage of refrigerant from the Equipment; or
- 4. contamination caused by the escape of refrigerant or liquid from the Equipment; or
- 5. an event as described in 1-4 above to equipment which is owned by the building owner at the Situation, a public utility or an entity contracted by You or the building owner, which is used to supply steam, gas, air, water, refrigeration, electricity, telephone or internet services to a Situation specified in the Schedule, provided the equipment is of a type described in the definition of Equipment;
- 6. the accidental failure of public electricity supply services. Such accidental failure excludes:
 - (i) any deliberate act by the supply authority not performed for the sole purpose of safeguarding life or protecting any part of the public supply system;
 - (ii) any intentional interruption of the electricity service by the public supply authority in the case of flood, fire, storm or natural disasters;
 - (iii) any scheme of rationing which is not necessitated solely by accidental damage to the generating or supply equipment of the public supply authority.

which occurs during the Period of Insurance and whilst this Coverage is in effect, where such equipment is in use or connected ready for use at or supplying a Situation specified in the Schedule and subject to the Limit of Liability specified in the Schedule for this Coverage.

As soon as possible after an event as described in 1-6 above You must utilise every reasonable available means to reduce the loss or damage to Specified Property, including other storage facilities, surplus machinery, spare parts, equipment, supplies and surplus or reserve stock, which are either owned or controlled by You or are obtainable from other sources. We will reduce Our liability for loss or damage caused to Specified Property to the extent that Your failure to comply with this requirement caused or contributed to such loss or damage.

We may take any action that We consider necessary to reduce or avert such loss or damage, in whole or in part, including without limitation the disposition of the Specified Property that is salvageable.

All expenses incurred by You as permitted in clause (c) of this Coverage Agreement, or that are incurred at Our written direction, shall be a part of and not in addition to the Limit of Liability.

In the event that You replace the damaged or destroyed Specified Property, We shall not be liable for more than the cost to replace such Specified Property at the time of the loss or damage.

In the event that You do not replace the damaged or destroyed Specified Property, We shall not be liable for more than the actual cash value thereof at the time of the loss or damage. Actual cash value means the cost of replacing the damaged Specified Property with property of similar kind and quality, less allowance for age, condition and normal life expectancy, if applicable, of the Specified Property.

2. Additional benefits

(a) Coverage is extended to include, within the Limit of Liability, loss or damage to, and the cost of disposal of, the Specified Property insured under this Coverage whilst it is in storage at an alternative location anywhere in Australia (or in transit thereto or therefrom) as a consequence of an event described in 1-6 of the Coverage agreement above, and for the sole purpose of preventing or mitigating a loss under this Coverage.

For the purpose of this Additional benefit (a) only;

(i) The Definition of Equipment is amended to include any mechanical, hydraulic, electrical or electronic apparatus, or Pressure Plant, forming part of a refrigeration unit which is permanently installed and located on a Vehicle that is owned, leased, operated or controlled by You.

(ii) The Definition of Situation is amended to 'anywhere in Australia'

(b) Coverage is extended to include, within the Limit of Liability, loss or damage to, and the cost of disposal of, property of the same type as Specified Property, including its packaging, which at the time of the event as described above in 1-6 under 1. Coverage agreement is in transit to a Situation, specified in the Schedule, and such loss or damage results from the inability of such property to be stored at the Situation due to such event.

(c) Following an indemnifiable loss, We will also pay the costs, within the Limit of Liability, necessarily and reasonably incurred by You in the cleaning and disinfection of the area where the damaged Specified Property was kept at the time of deterioration.

3. Coinsurance

This Coverage is subject to an 80% coinsurance percentage unless otherwise stated in the Schedule. We shall not be liable for the payment of a greater proportion of the amount of loss than the Limit of Liability specified in the Schedule bears to the amount obtained by applying the coinsurance percentage to the total actual replacement cost, at the time of the event as described above in 1-6 under 1. Coverage agreement, of all Specified Property at or in transit to the Situation, less the Deductible.

4. Deductible

The amount of any compensation otherwise payable by Us for this Coverage shall be reduced by the Deductible.

The Deductible is applied to the amount of compensation which is payable after having first applied the Limit of Liability and coinsurance.

Coverage B2. Interruption insurance – Loss of gross profit, payroll and additional increase in cost of working

1. Coverage agreement

We agree that if the Business carried on at a Situation specified in the Schedule be interrupted or interfered with solely as a result of a Breakdown during the Period of Insurance, to an item of Equipment which is in use or connected ready for use at an insured Situation, We will pay You the amounts for the insured Items below as specified in the Schedule, resulting from such interruption or interference, subject to the Indemnity Period and the Limit of Liability for the respective Item.

2. Basis of insurance

Item No 1. Gross profit

The insurance under Item No 1 is limited to the loss of Gross Profit due to (a) reduction in Turnover and (b) increase in cost of working, and the amount payable as indemnity shall be:

- (a) in respect of reduction in Turnover: the sum produced by applying the Rate of Gross Profit to the amount by which the Turnover during the Indemnity Period shall solely as a consequence of the Breakdown fall short of the Standard Turnover; and
- (b) in respect of increase in cost of working: the additional expenditure necessarily and reasonably incurred for the sole purpose of avoiding or diminishing the reduction in Turnover which, but for that expenditure, would have taken place during the Indemnity Period solely as a consequence of the Breakdown, but not exceeding the sum produced by applying the Rate of Gross Profit to the amount of the reduction thereby avoided;

less any sum saved during the Indemnity Period in respect of such of the charges and expenses of the Business payable out of Gross Profit as may cease or be reduced solely as a consequence of the Breakdown.

Provided that if the declared value of Gross Profit at the commencement of each Period of Insurance be less than the sum produced by applying the Rate of Gross Profit to the Annual Turnover (or its proportionately increased multiple thereof where the Indemnity Period exceeds twelve (12) months), the amount payable as compensation hereunder shall be proportionately reduced. The Limit of Liability shall represent the maximum amount payable during the Indemnity Period.

Item No 2. Payroll (dual basis)

The insurance under Item No 2 is limited to loss in respect of Payroll and the amount payable as indemnity shall be:

(a) In respect of reduction in Turnover:

- (i) during the initial period of the Indemnity Period, beginning with the Commencement of Liability and ending not later than the number of weeks thereafter specified in the Schedule: the sum produced by applying the Rate of Payroll to the Shortage in Turnover during the said portion of the Indemnity Period less any saving during the said portion of the Indemnity Period through reduction solely as a consequence of the Breakdown, in the amount of Payroll paid.
- (ii) during the remaining portion of the Indemnity Period: the sum produced by applying the Rate of Payroll to the Shortage in Turnover during that said remaining portion of the Indemnity Period less any saving during the said remaining period of the Indemnity Period, through reduction solely as a consequence of the Breakdown, in the amount of Payroll paid; but not exceeding the sum produced by applying the percentage of the Rate of Payroll specified in the Schedule to the Shortage in Turnover during the said remaining portion of the Indemnity Period, increased by such amount as is deducted for savings under the terms of Clause (a) (i).

Note: At Your option the number of weeks referred to in Clause (a) (i) above may be increased to the number of weeks specified in the Schedule under the heading "Consolidated Period"; provided that the amount arrived at under the provisions of clause (a) (ii) shall not exceed such amount as is deducted under Clause (a) (i) for savings effected during the said increased number of weeks.

(b) In respect of increase in cost of working:

So much of the additional expenditure described in Clause (b) of Item No 1 as exceeds the amount payable thereunder, but not more than the additional amount which would have been payable in respect of reduction in Turnover under the provisions of Clauses (a) (i) and (ii) of Item No 2 had such expenditure not been incurred.

Provided that if the declared value of insured Payroll at the commencement of each Period of Insurance be less than the sum produced by applying the Payroll Limits to the sum produced by applying the Rate of Payroll to the Annual Turnover (or its proportionately increased multiple thereof where the Indemnity Period exceeds twelve (12) months), the amount payable as compensation hereunder shall be proportionately reduced. The Limit of Liability shall represent the maximum amount payable during the Indemnity Period.

Item No 3. Additional increase in cost of working
